

Quality Policy Declaration

Bio Garancia Kft., as an independent certification body, has been committed to supporting the fairness of market competition, consumer confidence in organic products and the international recognition of Hungarian organic products with its high-quality services.

Our company operates an independent, impartial, objective inspection and certification system that is recognised and accredited by the authorities and meets the requirements of the regulations and the standard, in accordance with the following guidelines:

- We must inform the public about organic production through our activities and services in a transparent and credible way.
- We are an accredited, independent company with a quality management system.
- We have satisfied, independent and competent inspectors and staff who are motivated to continuously improve our services.
- We aim to increase customer satisfaction and trust.
- We offer our clients modern inspection services and efficient inspection solutions using the latest techniques. Through the development and expansion of digital (user) interfaces, we provide the system and technology required to track and trace the movement of goods.
- We provide independent, impartial, reliable, objective, consistent, competent and compliant inspection and certification services, which we are continuously improving.
- We leverage the synergies and service opportunities of working with our group of organisations, including private label owners and European certification bodies, to ensure mutual recognition of our certificates beyond legal requirements.
- We aim to maintain economic stability and our financial independence.

This Quality Policy Declaration is valid until amended or withdrawn.
