

Application form for plant protection products, beneficial organisms and related products

Bio Garancia Kft., Hungary

1. Details about the applicant and product name

Applicant company:	
Date of application:	
Product name: (the product will be listed under this name with Bio Garancia Kft.)	
Other trade names:	
Is this product already listed with the European Input List?	If yes, please specify trade name:

2. The product is a...

<input type="checkbox"/> Self-manufactured product (i.e. the applicant company is the manufacturer of the product)	
<input type="checkbox"/> Trade product (i.e. the applicant company is the distributor/ retailer of the product)	The manufacturer of the product is:

3. Product type

<input type="checkbox"/> Plant protection <input type="checkbox"/> Adjuvant <input type="checkbox"/> Basic substance <input type="checkbox"/> Other
--

4. Area of application: Which category does the product belong to?

(Please specify only one category!)

 Fungicides and other plant disease control products

 Insecticides and acaricides

 Molluscicides

 Trapping systems and pheromones (mating disruption)

 Microorganisms

 Products for seed treatment

 Germination/sprouting inhibitors

 Basic substances

 Beneficial organisms

 Spreaders, stickers and adjuvants

 Wound sealants

 Trunk paints, white paints for trees

 Adhesives for application on trunks

 Repellents

 Protection of stored products (biocides)

 Other:

5. General product details

Application type:

 foliar
 soil
 seeds / seedlings

Product characteristics:

 solid
 liquid

Active ingredient:

Active ingredient content:

Package size(s):

6. Product composition

- Please provide the **full composition** of the product **with all components** (i.e. including **co-formulants/additives**). The total percentage of all components must add up to 100%.
- A product data sheet and safety data sheet must be provided for formulated components.
- Instead of completing the table below, you can also submit an existing table from the official authorisation/registration dossier for plant protection products.

Component name	CAS number / strain ID	Percentage (%)	Function in the product	Manufacturer / supplier	Comments / manufacturing information
		%

Total		%	The total of the percentages must add up to 100%!		

7. Further mandatory information: Does the product or any of its components contain the following substances/materials?			
	No	Yes	Further details
Preservatives, chelating agents or complexing agents; other formulation aids	<input type="checkbox"/>	<input type="checkbox"/>	Please list these under point 6.
Materials that are or contain substances listed in Annex III of Regulation (EC) No. 2021/383	<input type="checkbox"/>	<input type="checkbox"/>	-
PFAS (per- and polyfluoroalkyl substances)?	<input type="checkbox"/>	<input type="checkbox"/>	-
Synthetic nitrogen compounds	<input type="checkbox"/>	<input type="checkbox"/>	-
Processing aids (please also specify if these are no longer contained in the final product)	<input type="checkbox"/>	<input type="checkbox"/>	-
Synthetic nanoparticles (50% or more of the particles are in particle sizes between 1 nm and 100 nm)	<input type="checkbox"/>	<input type="checkbox"/>	-
Genetically modified organisms (GMOs) or components produced using genetically modified organisms? ¹	<input type="checkbox"/>	<input type="checkbox"/>	If so, please enclose the form " Declaration of compliance with the prohibition of genetically modified organisms ", relating to the entire product.
Microorganisms	<input type="checkbox"/>	<input type="checkbox"/>	Please list these under point 6 (precise name of the strain).
Materials originating from the aquatic environment (laminarin and chitosan hydrochloride)	<input type="checkbox"/>	<input type="checkbox"/>	If so, please enclose a sustainability declaration for the component.

8. Documents that must be enclosed with the application	
All documents enclosed must be labelled in such a way that their content is clearly evident from the document name (e.g. Product_name_GMO_declaration.pdf , Product_name_manufacturing_process.pdf).	
<input type="checkbox"/>	Labels including recommendations for use
<input type="checkbox"/>	Product formulation (excerpt from the authorisation/registration dossier) as an alternative to the table under point 6
<input type="checkbox"/>	Description of the manufacturing process
<input type="checkbox"/>	Safety data sheet for the product
<input type="checkbox"/>	Technical data sheet for the product
<input type="checkbox"/>	Safety data sheets for formulated components / co-formulants / additives
<input type="checkbox"/>	Other documents:

¹ Potential genetically modified organisms such as corn, rapeseed, soy, sugar beet, sugar cane, microorganisms, fermentation products, vinasse, etc.

9. Confirmations	
<input type="checkbox"/> I confirm that all components of the product (including co-formulants/additives) have been listed in the table in Section 6 (Product composition) or have been disclosed in full in the excerpt from the authorisation/registration dossier.	
<input type="checkbox"/> I confirm that the product may be placed on the market in Hungary and that the official requirements for this have been met.	
<input type="checkbox"/> I undertake to notify Bio Garancia Kft. of any changes to the product composition and manufacturing process, as well as any changes to the status of authorisation/registration or the authorised indications.	
<input type="checkbox"/> I confirm that all information provided in this form and the enclosed documents is correct and complete.	
Despite careful processing, all information in the online product search and on the product confirmations is provided without guarantee. Bio Garancia Kft. and EASY-CERT services organic inputs evaluation excludes any liability.
